Reviews

This book is definitely not effortless to start on reading through but extremely fun to learn. Better than never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Hearings Before the President s Commission on Immigration and Naturalization: September 30, October 1, 2, 6, 7, 8, 9, 10, 11, 14, 15, 17, 27, 28, 29, 1952 The union is a N ation-wide nonpartisan organization which is devoted exclusively to the protection and the advancement of the civil rights guaranteed by our Constitution and by our democratic tradi tion. I think I Should say at this point that the union as such is not concerned with the many major questions of policy which this Commis sion will consider, such as the national origins quota basis or the num ber of aliens which should annually come into the United States. It is not because as individuals we are not intensely interested in that subject, but the union feels that it can be most effective if it sticks to the last and devotes its Official attention to the questions which concern it; namely, that aliens as well as citizens receive not only that minimum due process protection which our Constitution requires but that they also receive in the protection of their status, their rights and privileges the fairest procedure which our democratic tradition demands and which our experience with administrative procedures can devise. It is for that reason that I would like to restrict my brief remarks to the administrative procedures and judicial review available under the present law and under the new act and which Should be available under our system, both in respect to visas and immigration procedures.
