## LATIN AMERICAN NEO-BAROQUE

Palgrave Macmillan Jul 2016, 2016. Buch. Condition: Neu. Neuware - Pablo Baler studies the ruptures and continuities linking the de-centered dynamics of the 17 th century to the logic of instability that permeates 20 th century visual and literary production in Latin America. Bringing philosophy, literary interpretation, art criticism, and a poetic approach to the history of ideas, Baler offers a new perspective from which to understand the uncanny phenomenon of baroque distortion. This interdisciplinary inquiry not only leads to a more specific formulation regarding the singularity of the reappropriations of the baroque in Spanish America, but also allows for a more comprehensive assessment of its historical reach in the broader context of the representational crisis of modernity. 136 pp. Englisch.
