While turning an eBay hobby into an eBay business might look easy, making that business profitable is much more difficult. Not enough sellers treat their eBay sales as a business, and subsequently are disappointed in the results. To launch a successful and profitable eBay business, the detailed instructions in this book will show you how to get started. It will help you determine what kind of business you want to run, write an action-oriented business plan, establish an effective accounting system, set up a home office, obtain starting inventory, arrange initial funding, establish an eBay presence, and arrange for automated post-auction management. This book is a step-by-step guide for anyone serious about making money from their eBay sales. 456 pp. Englisch.
