

## The Death Collectors

By Kerley, Jack

HarperCollins, 2006. Paperback. Condition: New. Brand new. Even serial killers have their fans. When tiny scraps of macabre "art" turn up alongside gruesomely displayed corpses, Detective Carson Ryder and his partner Harry Nautilus trace them to the work of Marsden Hexcamp. But Hexcamp was killed thirty years ago. His art remains sought after, though by some very strange collectors - it was made by torturing people to death and then distilling their agony on to canvas. It seems an auction has been announced and these connoisseurs of serial-killer memorabilia are gathering to pay millions for Hexcamp's art - unless Carson and Harry can beat them in their quest for the anti-grail. But the truth of Hexcamp's terrifying career may be even more twisted and bizarre than it first appears.
