SLIPWARE (PAPERBACK)

[DOWNLOAD](#)

Bloomsbury Publishing PLC, United Kingdom, 2009. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Slipware has been one of the most popular types of pottery in Britain since its introduction over four centuries ago. By the seventeenth century the decoration of pottery with slip, or clay mixed to a creamy consistency, had become widespread and the technique was perfected by the potters of England and Wales. Although confined largely to the lower end of the social spectrum, their simple but lively decoration, together with their relatively low price, guaranteed their place amongst the domestic wares of families for almost three centuries. This book is the perfect introduction to the variety of slipware designs in England and Wales, explaining the industry by which it is produced, and highlighting some of the most important centres of production in the country.
