ROWMAN LITTLEFIELD, United States, 2016. Paperback. Condition: New. 3rd Edition. Language: English . Brand New Book. Increase your strength, power, skill, and focus to maximize your climbing performance. Praise for Training for Climbing Training for Climbing is a great resource. Whether you re just starting out or already ticking 5.13, you ll find valuable information here to help you climb harder. This is the most complete and up-to-date training guide available. -Rock and Ice magazine Drawing on the latest climbing research, this third edition of the international best-selling Training for Climbing presents a comprehensive, evidence-based program for improving climbing performance. With the unique perspective of a veteran climber, researcher, and coach, Eric Horst blends leading edge sport science with his decades of climbing and coaching experience to create a content-rich text packed with practical how-to and what-to-do information. A few of the new topics explored include: \* Energy system training to develop greater strength, power-endurance, and aerobic endurance. \* Recalibrating the brain s central governor for higher power output and stamina. \* Daily Undulating Periodization as an effective method of on-season programming. \* Training zones for rock climbers-the secret to truly effective training! \* Stabilizer training to improve arm power and reduce risk of shoulder injury. Also included are expanded chapters on developing strength, power, and endurance in the crucial finger flexor and pulling muscles, as well as a must-read chapter on developing exceptional core strength. Horst completes his coaching with dedicated chapters on technique and mental training, performance nutrition, accelerating recovery, and injury prevention. The book s 300-plus pages of expert instruction make for the most advanced and complete book of its type! Eric Horst is an internationally renowned author and a climber of forty years. As a researcher and coach, Horst has written hundreds of articles and coached...
