The missing how-to manual for being an effective team leader The Art of Coaching Teams is the manual you never received when you signed on to lead a team. Team development is an art form, and this book is your how-to guide to doing it effectively. You ll learn the administrative tasks that keep your team on track, and you ll gain access to a wealth of downloadable tools that simplify the getting organized process. Just as importantly, you ll explore what it means to be the kind of leader that can bring people together to accomplish difficult tasks. You ll find practical suggestions, tools, and clear instructions for the logistics of team development as well as for building trust, developing healthy communication, and managing conflict. Inside these pages you ll find concrete guidance on: Designing agendas, making decisions, establishing effective protocols, and moreBoosting your resilience, understanding and managing your emotions, and meeting your goalsCultivating your team s emotional intelligence and dealing with cynicismUtilizing practical tools to create a customized framework for developing highly effective teams There is no universal formula for building a great team, because every team is different.
