Pub Date :2005-04 Publisher: Description of the East China Normal University Press. autonomous learning is an important quality of the students related to the quality of classroom teaching. but also related to the sustainable development of the people. Today's society is gradually transition to lifelong education and learning society. only have a certain degree of self-learning ability. in order to better adapt to the future development of the society. and the cornerstone of basic education is to develop the ability to. Mr. Ye Shengtao said: Education is to develop habits. Autonomous learning is also important aspects of learning habits. Since the implementation of the new curriculum. classroom teaching really has changed a lot. but it also exposed many problems. such as classroom Students' Autonomous teachers has become a spectator. an outsider. Autonomous learning does not mean laissez-faire. it is ordered. there are laws. regulations dynamic learning process requires careful organization of teachers and reasonable guidance. so as to ensure the effective degree of autonomous learning in the classroom teaching. Five aspects of the book from the boot of...
