Reporting Phase. 12 This phase completes the audit by reporting useful information about the entity, based on the results of audit procedures performed in the preceding phases. This involves developing the auditors report on the entitys (1) financial statements (also called Principal Statements) and other information (managements discussion and analysis MD and A or the overview, RSSI, other required supplementary information, and other accompanying information), (2) internal control, and (3) compliance with laws and regulations and whether the financial management systems substantially comply with FFMA requirements. To assist in this process, the methodology includes guidance on forming opinions on the principal statements and conclusions on internal control, as well as how to determine which findings should be reported. Also included is an example report designed to be understandable to the reader. RELATIONSHIP TO AP P LICABLE STANDARDS. 13 The following section describes the relationship of this audit methodology to applicable auditing standards, OMB guidance, and other policy requirements. It is organized into three areas: relevant auditing standards and OMB guidance, audit requirements beyond the yellow book, andauditing standards and other policies not addressed in this manual. Relevant Auditing Standards and OMB Guidance. 14 This manual provides a framework for performing financial statement audits in accordance with Government Auditing Standards (also known as generally accepted government...
