# CYBERSPACES OF EVERYDAY LIFE (PAPERBACK)

University of Minnesota Press, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book. This work shows how network technologies produce social space. Networks and computer-mediated communication now penetrate the spaces of everyday life at a fundamental level. We communicate, work, bank, date, check the weather, and fuel conspiracy theories online. In each instance, users interact with network technology as much more than a computational device. Cyberspaces of Everyday Life provides a critical framework for understanding how the...
