CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 68 pages. Dimensions: 11.0in. x 8.5in. x 0.2in. Oracle Certified Associate, Oracle Linux 5 and 6 System Administrator These questions are similar to the ones asked in the actual Test. How should I know I know, because although I have been working as an Oracle Linux Admin for many years, I have myself recently certified with the latest version of the Certification test. Before you start here are some Key features of the Certification Exam. This certification exam verifies that the candidate has the knowledge required in the area of Oracle Linux 5 and 6 System Administration This certificate builds on basic consultant skills and experience that is then refined by practical experience during several projects. Candidates must also demonstrate understanding of Customizing the shell environment, File archiving and compression, Kernel development model, Compatibility with RedHat, Installation, Boot process and Service Administration, System Configuration Options, Installing and maintaining Packages, Managing Ksplice, Automating tasks, System Logging, Kernel Modules, Filesystems, Storage Devices, Network Configuration, PAM, Security and Troubleshooting. The exam is Computer based and you have 150 minutes to answer 80 Questions. The Questions are (mostly) multiple choice type and there is NO penalty for an incorrect answer. Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points. For questions with a single answer, the answers will have a button next to them. You will be able to select only one button. For questions with multiple answers, the answers will have a tick box next to them. This allows you to select multiple answers. You are not allowed to use any reference materials during the certification test (no access to online documentation or to any Oracle system)....
