CLASSIC POETRY Spoon River Anthology by Edgar Lee Masters Spoon River Anthology (1915), by Edgar Lee Masters, is a collection of short free-form poems that collectively narrates the epitaphs of the residents of Spoon River, a fictional small town named after the real Spoon River that ran near Masters home town. The aim of the poems is to demystify the rural, small town American life. The collection includes two hundred and twelve separate characters, all providing two-hundred forty-four accounts of their lives and losses. The poems were originally published in the magazine Reedy s Mirror. Each following poem is an epitaph of a dead citizen, delivered by the dead themselves. They speak about the sorts of things one might expect: some recite their histories and turning points, others make observations of life from the outside, and petty ones complain of the treatment of their graves, while few tell how they really died. Speaking without reason to lie or fear the consequences, they construct a picture of life in their town that is shorn of facades. The interplay of various villagers - e.g. a bright and successful man crediting his parents for all he s accomplished, and an old woman weeping because he is secretly her illegitimate child - forms a gripping, if not pretty, whole.
