Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Are you seeking a deeper understanding of gender identity and sexual identity? The ABC s of Transgender is a valuable book for transgenders, their families, friends and the general public. In a world that suffers from intolerance and discrimination, every bit of information about being a transgender is well written in this book. Being a transgender is a reality that is slowly, but surely, being understood. The term transgender may be relatively young, but gender dysphoria may have existed since ancient times. Only in more recent years has transgender been identified, studied, and most importantly, labeled. Transgender people fight an uphill battle in a world that may not yet be fully ready for their acceptance. However, with information available in this book, the battle may prove to be victorious both for those who are transgender - through acceptance - and those who are not - through understanding. In the ABC s of Transgender, Lauren McMann, answers many of your questions about gender identity, the transgender relationships, roles of the media in the life of a transgender, Gays, Lesbians Bisexuals and lots more.
