THE ANTHROPOLOGY OF AFRICA: CHALLENGES FOR THE 21ST CENTURY

Langaa RPCIG. Paperback. Condition: New. 656 pages. Dimensions: 9.4in. x 6.6in. x 1.5in. In 1999 (August 30 - September 2) the Pan African Anthropological Association (PAAA) marked the 10th anniversary of its creation by holding its 9th Annual Conference in Yaounde, Cameroon - the city and country of its birth. The conference, themed The Anthropology of Africa: Challenges for the 21st Century, was attended by some seventy participants, mostly African. Among the international participants was Dr Sydel Silverman, President of the Wenner Gren Foundation at the time - a long term partner of the PAAA; she was present at the inaugural conference in 1988. The conference proceedings were initially published in 2000 with very limited circulation. Given the continued relevance of the papers presented, and in view of the call by the President of the PAAA for African anthropologists to reunite anthropological theory and practice in the teaching programmes of African universities, the PAAA is pleased to republish the proceedings of its landmark 9th Annual Conference. The book consists of forty three divided into eight parts, namely: i) teaching anthropology in the decades ahead; ii) Health Challenges: HIV/AIDS Anthropological Perspectives; iii) NGOs: Use and Misuse of Anthropology; iv) Anthropological Focus on Environment; v) Some Applied Issues in Anthropology; vi) The African Family in Crisis; vii) Ethnicity and Ethnic Conflicts; and viii) Population issues and anthropology: Fertility Crisis. Paul Nkwi concludes his introduction to the volume with these words: The Anthropology of Africa will remain for a long time, fundamentally applied if it is to meet the challenges of the 21st Century. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
